

JUNE 21 PROGRAM

Hi Ladies, Our project in June is from the NeedlePointer issue Nov 03. We will just do the bottom to keep things simple. We have requested permission to do copies from ANG so please come have fun working this cute Patriotic design.

SUPPLIES to BRING:

6" square piece of canvas or cloth already on the stretcher bars— 18 ct canvas or fabric - find a pewter color or dry brush a little Apple Barrel silver acrylic paint on the stitch area **BEFORE YOU COME**. As you can see the beads and fibers pop on this background. Mine is on the Aida because it is easier for me to finish.

1 SKEIN each of # 5 perle cotton - medium blue # 798, red #321, dark blue , and white. # 22, 24, and a beading needle. I used a #28 and went through every bead. When you sew on your beads, use a gray floss or sewing thread that matches the painted canvas.

SUPPLIES PROVIDED: The beads and star button will be provided (50 cents) to save you worrying about them.

This piece worked up quickly. I will have the steps' hints worked out on a sheet for you. If you do not find your copy : Desma will bring 2 pages in color per person. We can stay past noon to make sure everyone has a great start on this quick design.
